HOW DOES THE DAP WORK?

You'll need to give permission to the DAP organisations to talk to each other about your case. This is completely secure and is to make sure that you are kept safe and provided with the most efficient service possible. After this, you'll be contacted by specialists from DAP partner agencies who will provide you with the advice and support you need.

Feel free to call us and see how we can help – it's completely free and there's no obligation to take up services.
